THE SITUATION  
of  
CALAMITY OF WAR IN KOREA  
as at June 1952

1. About the reconstruction of church buildings which were broken and the support for clergymen's life.

- a) Generally, the church buildings which were half broken are repaired and using temporarily at the far rear of the present front, but the churches which were entirely burned down or broken down were unable to be rebuilt irrespective of the district. They only established tents or barracks temporarily and are using them now.
- b) The living conditions of the Korean Christians were broken down entirely by this war and 90% of them could not be restored. It is impossible for them to rebuild the church and to bear their clergymen's life. Therefore each mission in Korea is taking charge for the support of their living.
- c) There are more than 500 church workers who were martyred and captured by communist in this war. There are more than two thousand their survivors. Even their livings also are very needy, but we Korean Churches could not help them. So each mission supporting them in the minimum.
- d) The most clergymen who were in the calamity of war lost their all books which they had in possession. So they have now very need of the books than anything else.

2. About the restoration of the Educational Institution:

- a) All of the school which have had operated by church and missions were burned or broken down about 50% among them, and all of the furnitures in school were lost.
- b) And also more than 40% of the public and private schools were broken down by the bombing and even the school remaining also lost all of their furnitures and all school buildings are using even now by army, so all the students are studying now at the tents or barracks all over the country.
- c) The libraries which had possessed in every school is lost, so teachers and students were fell into a big trouble by the poverty of the references.

3. The situation of the civilians in calamity of war:

- a) The civilian calamity of war which was stated by Government is as follows:

1. broken residence		600,000
entirely broken or burned down	380,000	
partially broken	220,000	
2. Victim		938,761
captured	42,732	
slaughtered	122,799	
the deceased	236,475	
the wounded	228,580	
missing	298,175	
3. Refugees		4,000,000
(through the north and south country)		

- b) Here is following difficult problem which is to be many thousands of widows and poor children in present time. U. N. is sending lots of supplies for those people, but it is not enough to helping them. Therefore, we cannot see their living situation. Please help your sympathy and contribution more and more for our Christian Refugees who are in Korea.
